Dr. Michael Gurian
The Amazing Minds
of Boys and girls

In this two-part keynote presentation, Dr. Gurian will explore how the minds of boys and girls learn and grow, including brain differences that impact education and social emotional development throughout the lifespan. He will provide insight into new genetic resources available to schools and families, the impact of environmental and cultural neuro-toxins on the learning brain, best teaching, parenting, counseling, and mentoring practices for both girls and boys, and safe, effective electronics and technology standards for various stages of child development.

Troy Kemp
Tai Chi, Kung Fu, and
Switzerland: The Art of
Getting Results in the Classroom
and Beyond

Join Troy Kemp, Executive Director of the National Center for the Development of Boys, as he shows us how to raise our levels of effectiveness. A master motivator, Troy discusses how to best motivate students to accomplish difficult tasks, and how to coach and counsel students to rise to every challenge. Troy Kemp will inspire us to expand our playbook inside and outside the classroom.
