proudly announces its
**SUMMER TRAINING
INSTITUTE**

June 21 - 23, 2019

Hosted at
**Army and Navy Academy
Carlsbad, CA**

Dr. Michael Gurian
Protecting the
Emotional Lives of
Boys and Girls

In this dynamic keynote presentation, Dr. Gurian will explore how the minds of boys and girls learn and grow, including brain differences that impact education and social emotional development throughout the lifespan. He will provide insight into the impact of environmental neuro-toxins on the learning brain; best teaching, parenting, counseling, and mentoring practices for both girls and boys; and safe, effective electronics and technology standards for various stages of development.

Dr. Glynetta Fletcher
Trauma-Informed Classrooms,
and Working Successfully with
Children of Color

Join Dr. Glynetta Fletcher, Principal of Hamilton High School in the Los Angeles Unified School District, for a dynamic and inspiring two-part keynote as she helps develop trauma sensitive classrooms and environments, and focuses on the most effective strategies for working with children of color across the curriculum. Dr. Fletcher teaches crucial restorative justice techniques and explores practical strategies for building strong relationships and environments.
